LA RIVER AND BEYOND THE FUTURE OF OPEN SPACE IN LA

With significant projects for the LA River, Pershing Square, Hollywood Central Cap Park, among others, LA is undergoing an unprecedented renewal of the City's Open Spaces. Revitalization of the LA River alone will directly benefit the 390,000 housing units and 35,000 businesses within the 32-mile LA River Corridor -- indirectly benefitting all of LA by demonstrating the value of open space to our communities while spurring major development in their midst.

Join us to hear how LA is building towards that new tomorrow!
